ARTICLE 1 – PREAMBLE

- 1.1 In consideration of the maintenance of harmonious relationships and settled conditions of employment, and recognizing the mutual value of joint discussions and negotiations on all matters pertaining to working conditions, hours of work and wages and the need for the successful operation of the University as a public institution designated to promote higher education, the parties to this agreement do hereby enter into, ordain, establish and agree to the terms contained in this agreement.

ARTICLE 2 - MANAGEMENT RIGHTS

- 2.1 The management of the University and direction of the work force is vested exclusively in the University except as limited by the terms of this agreement.
- 2.2 The question of whether any of these rights is limited by this agreement shall be decided through the grievance and arbitration procedure.

ARTICLE 3 - NO DISCRIMINATION

- 3.1 The parties agree that there shall be no discrimination practiced with respect to any employee by reason of age, race, creed, color, national origin, political or religious affiliation, sex, marital status, sexual orientation, place of residence, physical disability (except where the disability would unduly restrict the carrying out of duties), having children, or membership or activity in the Union.
- 3.2 The University agrees that no student academic employee (from hereon in shall be referred to as employee or academic assistant) shall be subject to discipline or dismissal for refusing to cross a picket line or refusing to handle products or goods of another employer who is involved in a labour dispute with the employees. However, if such refusal results in the employee not being able to perform the employee's duties, the

employee may immediately be taken off payroll until once again able to perform normal duties.

- 3.3 During a strike, no employee will be required to perform work normally done by those on strike.

ARTICLE 4 - UNION RECOGNITION

- 4.1 The University recognizes the Canadian Union of Public Employees and its Local 2419 as the sole and exclusive collective bargaining agent for all members of the bargaining unit as defined by order of the Saskatchewan Labour Relations Board dated April 18, 1978, or as may be amended from time to time by the said Board or by mutual agreement of the parties to this agreement.
- 4.2 No employee shall be required or permitted to make a written or verbal agreement with the University or its representatives that may conflict with the terms of this collective agreement.
- 4.3 Non-teaching staff whose jobs are not in the bargaining unit shall not work on jobs included in the bargaining unit, except in cases agreed upon by the parties. (For the purpose of this clause, teaching staff is understood to mean those positions within the scope of the URFA Collective Agreement.) Students will not be permitted to undertake, without remuneration, work normally done in the bargaining unit.

ARTICLE 5 - CHECK OFF OF UNION DUES

- 5.1 Upon the request in writing of an employee, and upon request of the Canadian Union of Public Employees, Local 2419, the University shall deduct and pay in periodic payments out of the wages due to the employee to the Secretary-Treasurer, the union dues, assessments and initiation fees of the employee.

- 5.2 Deductions shall be forwarded to the Secretary-Treasurer as soon as possible after being made, accompanied by a list of the employees from whom the deductions are made and the individual amounts of such deductions.
- 5.3 The University shall ensure the amount of union dues paid by each union member in the previous year is reported on the T4.

ARTICLE 6 - UNION SECURITY

- 6.1 Every employee who is now or hereafter becomes a member of the union shall maintain membership in the union as a condition of employment, and every new employee whose employment commences hereafter shall, within thirty days after the commencement of employment, apply for and maintain membership in the union, and maintain membership in the union as a condition of employment, provided that any employee in the appropriate bargaining unit who is not required to maintain membership or apply for and maintain membership in the union shall, as a condition of employment, tender to the union the periodic dues uniformly required to be paid by the members of the union.
- 6.2 Persons who are not in the bargaining unit shall not perform functions that fall under a posted and filled position in the bargaining unit if the performance of such functions would alter any specifications of a posted position and result in the lay-off, displacement or reduction in hours of a member of the bargaining unit. There is no requirement for the University to continue the position past the posted end date nor is there any obligation for the University to repost a position once it has expired.

ARTICLE 7 - NEW EMPLOYEES

- 7.1 The University agrees to acquaint new employees with the fact that a union agreement is in effect and with the conditions of employment concerning union security and dues check-off. When the Union plans to

have an orientation seminar for new employees, the University agrees to co-operate with the Union in distributing notices to departments for posting.

- 7.2 If the Union requests it and supplies the necessary forms, the University will provide each new employee with an opportunity to sign a membership card and check-off request, at the time the new employee is completing other forms such as a TD1. The University will forward the completed forms to the Union monthly.
- 7.3 In each semester the University will present, for completion and signature, to all new employees at the time of their appointment name and address forms that have been supplied by the Union. The University will send the completed forms to the Union within one week.
- 7.4 Provided CUPE 2419 supplies the University with sufficient copies, a copy of the collective agreement will be supplied to each employee at the time of the first appointment after a new collective agreement is available.

ARTICLE 8 - UNION-MANAGEMENT RELATIONS

- 8.1 The Union will supply the University with the names of its officers and stewards, and the University will supply at any time it is requested in regard to any employee or group of employees, the names of the supervisory personnel and their functional responsibilities.
- 8.2 The Union shall have the right at any time to have the assistance of representatives of the Canadian Union of Public Employees or any other advisors when dealing or negotiating with the University. Such representatives or advisors shall have general access to the campus in order to investigate and assist in the settlement of a grievance.
- 8.3 As soon as possible after a written request by the Union, the University shall provide to the Union reasonable technical information pertaining to

the bargaining unit required by the Union such as number of positions in the bargaining unit, job classifications, and wage rates.

- 8.4 The University agrees to allow the Union to hold meetings and educational functions and to conduct Union business on University premises. The University will make space available for such functions, subject to normal procedural and scheduling restrictions.
- 8.5 The University agrees to invite and accept representatives to ad hoc committees on the same basis as other on-campus unions, as deemed appropriate by the University.
- 8.6 The University will provide to the Union one four-drawer filing cabinet.
- 8.7 The University agrees to allow the Union reasonable use of internal mail service, including electronic mail, free of charge. The Union will pay the cost of connecting its hardware to the network. The University will permit the Union access to disk space to establish its own home page on the World Wide Web.
- 8.8 The University agrees to provide the Union with one bulletin board on the main floor of either the Laboratory or the Classroom Building and another on the main floor of the Education Building, upon which the Union may post notices and other similar information which may be of interest to its members, and upon which Human Resources will post notices of jobs (see Article 10.3).
- 8.9 The University will provide the Union with self-contained office space on the main campus.

8.10 The University agrees to provide the Union with the following lists:

List one: An alphabetical list of employees in the bargaining unit, indicating address, email, employment location, classification, term of employment, and wage rate.

List two: A list indicating the same information as list one, but sorted according to employment location.

This information will be supplied, as it exists on September 30 and on January 31 each year, and will be forwarded to the Union in each case within two weeks. Notwithstanding, every effort will be made to supply the lists as quickly as possible.

At the same time as the preparation of the above named lists, the University agrees to prepare and submit to the Union, at cost, name and University address labels for all employees on the above named lists.

8.11 Union-Management Liaison Committee

8.11.1 There shall be a Union-management Liaison Committee, whose purpose is to foster better communication between the Union and the University.

8.11.2 The Union and the University may each send up to four representatives to any meeting.

8.11.3 In the event either party wishes to call a meeting, it shall be held at a mutually agreeable time within two weeks of the request.

8.11.4 All items proposed by both parties will be included in the agenda. However, normally items concerning grievances or changes to the collective agreement will not be discussed.

8.11.5 Discussion will be informal, and not binding on either party. Those attending may take notes, but there will be no formal minutes.

8.12 Upon being hired for a posted position, all employees shall receive a letter of appointment from the academic unit offering the position. The letter of appointment shall contain the classification, course number, faculty supervisor, and a brief description of duties, hours, and rates of pay. A copy of all letters of appointment shall be forwarded to the Union.

ARTICLE 9 - CORRESPONDENCE

9.1 All correspondence between the parties arising out of this agreement or incidental thereto shall pass to and from Human Resources and the Secretary of the Union or another representative as designated by the Union.

ARTICLE 10 - JOB POSTING AND APPOINTMENTS-POSITIONS FUNDED BY THE GENERAL UNIVERSITY BUDGET

10.1 CUPE Local 2419 and the University are committed to achieving a representative workforce. All qualified candidates are encouraged to apply. Diversity group members (Aboriginal, Visible Minorities, Persons with Disabilities, and Women) and are encouraged to self-identify on their applications.

All postings will contain the following statement:

CUPE Local 2419 and the University are committed to achieving a representative workforce.

10.2 All positions in which it is anticipated there will be 25 or more hours of employment in the semester will be posted at a reasonable time considering the needs of the position, and of potential applicants.

Appointments to positions in which it is anticipated there will be fewer than 25 hours of work during the semester need not be posted.

Appointments will not be split for the express purpose of avoiding the posting requirement.

10.3 All job postings will be placed on three bulletin boards:

10.3.1 One adjacent to the department or area where the work is to be done;

10.3.2 One on the Human Resources bulletin board.

10.3.3 One on the central bulletin board provided for CUPE 2419.

In addition, one copy will be forwarded to the Union. Where possible, the posting will also be advertised on the University website.

10.4 Job postings shall provide a brief description of the work; the classification and rate of pay; qualifications required; location of the employment; supervisor (if known); overall time requirements and scheduling of work, if known (if not known precisely, give an estimate); person to whom application is to be made; and any other pertinent information. Qualifications shall not be established in an unreasonable manner nor should revised or upgraded qualifications be deemed necessarily to exclude applicants who previously have performed the work of the position successfully.

10.5 Normal Applications

Postings will be dated with the date they are posted. Applications will be accepted for seven calendar days after the date of the posting. Applications received after this seven-day period need not be considered unless another deadline is explicitly stated in the posting.

Advance Applications

In addition, an applicant may submit a written application to the head of the academic unit, providing the information outlined in 10.6 as follows:

- For positions available during the period January 1 to April 30, advance applications in writing will be accepted from the prior September 1 to either December 31 or when the position is posted, whichever comes first;
- For positions available during the period May 1 to August 31, advance applications in writing will be accepted from the prior January 1 to either April 30 or when the position is posted, whichever comes first;
- For positions available during the period September 1 to December 31 advance applications in writing will be accepted from the prior January 1 to either August 31 or when the position is posted, whichever comes first.

No written applications submitted in advance as outlined above will be retained beyond the fifteenth day of the first month of the semester to which they apply.

- 10.6 Applications for posted positions may be in writing or electronically as stipulated on the posting. The onus is on the applicant to provide all of the information on which the decision to hire will be based. The application shall indicate, in the case of a multiple job posting, how many positions the applicant wishes to fill as well as information such as the applicant's weighted grade point average, the number of semesters of employment, relevant experience, the classes completed in the discipline and the grades obtained in those relevant classes, overall University classes completed, and any other information that may assist in the selection process (e.g. other courses outside of the university, community service, volunteer work or other off-campus employment).

- 10.7 In order to achieve an equitable distribution for all employee positions funded by the general teaching budget of the academic unit posting the position, employment opportunities will be granted on a seniority basis as per Article 15. Each employment opportunity may not exceed 120 hours in a given semester and will be awarded on the following basis and no employee may hold more than 240 hours of contracted work in a term:
- 10.7.1 First, qualified applicants who are “fully qualified” graduate students in the academic unit in which the posting takes place, who are not receiving funding through the Faculty of Graduate Studies and Research, and have not received five semesters of funding opportunities. Positions will be awarded to qualified candidates according to their expressed preference, in order of seniority. Should additional positions need to be filled after all “fully qualified” graduate students have been considered once, this process will be repeated once again.
 - 10.7.2 Second, qualified applicants who are “qualifying” or “probationary” graduate students in the academic unit in which the posting takes place. Should additional positions need to be filled after all “qualifying” or “probationary” graduate students have been considered once, this process will be repeated once again.
 - 10.7.3 Third, qualified undergraduate students registered in the academic unit in which the posting takes place and who have not had five semesters of employment opportunities shall be awarded one position. Positions will be awarded to qualified candidates according to their expressed preference, in order of seniority with those registered in Honours programs (within the department) given preference. Should additional positions need to be filled after all undergraduate students have been considered once, this process will be repeated once again.

- 10.7.4 Fourth, should any positions still remain unfilled, those who hold Graduate Teaching Assistantships, Graduate Teaching Fellowships and/or those who have had five semesters of funding shall be considered in the following order with preference given to those in the department where the vacancy is available:
1. Graduate Students
 2. Honours Undergraduate Students
 3. Undergraduate Students
- 10.7.5 Finally, if positions remain unfilled after all qualified graduate and undergraduate applicants have received positions as outlined above, then positions can be opened to any qualified applicant from the University, either an applicant from outside the academic unit or an applicant who has already received positions from the process outlined in Articles 10.7.1 to 10.7.3 (not to exceed the 240 hour limitation). The positions shall be awarded in order of seniority and employment opportunities received.
- 10.7.6 In the case of a tie in seniority between two qualified applicants, the position shall be awarded to the student with the highest academic standing. Also, for undergraduate students, preference will be given to a student registered in an Honours program over one who is not.
- 10.8 The person charged with the responsibility for making an appointment to a posted position funded by the general teaching budget of the academic unit posting the position will give preference to the candidates as per the process outlined in Article 10.7 in order of seniority, who meet the following requirements.

- 10.8.1 Must have and maintain status as a full-time student at the University of Regina in the term the position is offered.

Graduate students must be registered in six credit hours or more, in the last three credit hours of their formal course work, or registered in maintenance of candidacy in order to qualify as a full-time student under the terms of this Article.

Undergraduate students must be registered in nine credit hours or more.

- 10.8.2 Possess the qualifications outlined in the posted position, and have not received a negative performance evaluation in a similar position. (see Article 13.4 and 22.6 for evaluation process).

- 10.8.3 Where relevant, demonstrated a good scholastic standing in relation to the discipline in which the position is located.

Notwithstanding this article, both parties acknowledge that the University recognizes the validity of providing financial support through the provision of teaching opportunities and pedagogical experience for fully-qualified graduate students and, therefore, may commit positions to new graduate students before their arrival.

- 10.9 Holders of Graduate Teaching Fellowship positions may receive other forms of funding, including an award or support from a supervisor, or pay from other employment to a maximum of 12 hours per week. The student employee is responsible for maintaining satisfactory academic and employment standards.
- 10.10 A counselling assistant may not hold such a position longer than two regular semesters and one summer semester, because it is normally considered as a training period or practicum period.
- 10.11 It is recognized that appointments are tentative and may be cancelled subsequently because of course changes or lack of enrollment. Persons

who have begun their employment when the appointment is cancelled will be reimbursed for the portion of the work completed. Such employees will be placed in another position for which they are qualified without the requirement of posting, should such a position be available.

- 10.12 For the purposes of this article, graduate students registered in interdisciplinary studies programs shall be eligible to apply for positions in any academic unit in which one of the student's committee members is located, although preference will be given to the academic unit where the main supervisor is located. However, once the student has chosen the academic unit, and it has been confirmed in writing, the student's seniority shall apply only in that unit.
- 10.13 Employees of this bargaining unit recognize that they have a primary responsibility to their studies and to employment they receive at the University by virtue of being a student. External employment shall not be considered in making appointments under the terms of this agreement unless such employment interferes with their obligations as a University employee or is in conflict with legislated requirements.

ARTICLE 11 - JOB POSTING AND APPOINTMENTS-POSITIONS FUNDED BY RESEARCH FUNDS

- 11.1 Positions will be posted, and applications will be received in the same fashion as described in articles 10.1 through 10.6.
- 11.2 Applicants will be considered qualified who meet the posted requirements, and who have not received a negative performance evaluation.
- 11.3 The person making the selection will choose the applicant or applicants who are qualified, and in accordance to seniority as defined in Article 15.1.

- 11.4 If no applicant has seniority, and in the case where there is equal seniority, the candidate(s) will be selected on the basis of the person(s) best meeting the posted requirements. Should there be candidates with equal merit with respect to seniority and qualifications, priority will be given to those candidates with a higher academic standing in the applicable coursework and then the higher academic standing within the University. Should there still be candidates with equal merit, additional information provided by the candidate will be taken into consideration (such as other courses taken outside of the University of Regina, community work and/or volunteer work that may be applicable).
- 11.5 It is recognized that appointments are tentative and may be cancelled subsequently because of a change in the availability of research funds. Persons who have begun their employment when the appointment is cancelled will be reimbursed for the portion of the work completed. Should another position become available during the semester, for which the employee is qualified and has appropriate seniority, then the position will be filled by said employee, without posting.

ARTICLE 12 - ASSIGNMENT AND WORKLOAD

- 12.1 Appointments to casual positions (where it is anticipated there will be less than 25 hours of work in the semester) will be on an hourly basis and the employee will be informed in writing of the total number of hours involved before accepting the appointment. Additional time related to the assignment (for additional pay) may be undertaken by mutual agreement.
- 12.2 All duties of the employee shall be included in the calculation of the time involved in the assignment and will be provided to the employee in writing at the beginning of the semester of employment. These duties may include but are not limited to: preparation for classes, preparation of written and audio-visual materials, teaching, leading discussions, supervising laboratories, preparing and grading exams and papers, consulting with students, setting up experiments, conducting field trips, travel time (exclusive of normal travel to and from the primary work site),

and conferring with the supervisor in charge, as required by the assignment. (The size of the class or seminar and the amount and complexity of the assignments shall be taken into consideration when making the assignment.)

- 12.3 If an employee feels that the assignment is unduly onerous for the time allocated to it, the employee may appeal to the individual to whom the employee's supervisor reports.
- 12.4 Employees may not be imposed upon to undertake duties other than those assigned as per the posted position unless there is written agreement from the employee to do so.
- 12.5 No employee is required to do work of a personal nature for any other person employed by the University.
- 12.6 No employee shall be required to mark tests, term papers, or final examinations between the last day of lectures and the date of the employee's own last examination. Employees will notify their supervisor of any potential conflicts work assignments may have with their midterms. Consideration for time needed to study for and write student exams will be given when assigning work.
- 12.7 Employees will not be required to mark tests or term papers unless they have received a minimum of five (5) days notice of the deadline.

ARTICLE 13 - WORKING CONDITIONS

- 13.1 Employees will be supplied with the space, facilities, equipment and supplies normally required to perform their duties. Resources to be provided will be discussed by the supervisor with the employee during the orientation process.

- 13.2 The supervisor will provide an employee with access to the books required in the course to which the employee is assigned to assist. Such provision may be by loan from the department or the Library.
- 13.3 Each employee within a department shall have the opportunity at least once a year to indicate in writing approval or objections to the present course structure, content, texts and methods of teaching and shall have the right to present constructive criticisms and suggestions for course changes to supervising professors and the department head.
- 13.4 Evaluation of performance, including feedback, coaching, and discussion, is an important responsibility of the supervisor of an employee. This process will help to ensure that the employee's performance is satisfactory. Supervisors may comment verbally or in writing about good performance or about areas where improvements should be made. Upon request of the supervisor or the employee, a written performance evaluation will be prepared and discussed with the employee. Copies of the written evaluation will be provided to the employee, and forwarded to the personnel file in Human Resources and to CUPE 2419. (See Article 21.4 and Article 22.6.)
- 13.5 Employees working for periods of four consecutive hours or more will receive a fifteen-minute paid rest period in every four-hour period.

ARTICLE 14 - JOB CLASSIFICATION

- 14.1 Existing classifications will not be eliminated, substantially changed or created without negotiation with the Union.

ARTICLE 15 - SENIORITY

- 15.1 Seniority is initially based on time registered in the academic program. Therefore, the following is a list, in order of priority, for consideration of any employment vacancy listed under CUPE 2419:

1. Graduate Students (enrolled or accepted)
 - a. Doctoral Students
 - b. Master's Students
 - i. Fully Qualified
 - ii. Qualifying and Probationary
2. Undergraduate Students
 - a. Honours Students
 - b. 4th Year Students
 - c. 3rd Year Students
3. All Other Students

Once a program has been completed or terminated, any seniority in the applicable unit will cease.

The second determining factor for seniority will be based upon semesters of employment. A semester of employment is defined as being hired for a posted vacancy of 25 hours or more in duration, irrespective of how many posted positions an employee may hold in a semester. Each semester of employment and/or funding from Graduate Studies and Research will only count as one employment opportunity with respect to the five-semester cap.

With respect to the consideration of prior employment within the department/unit, those with the greater number of semesters of employment will have priority. Each employee will be ranked, those with the most seniority in the position given first priority.

Although the total number of semesters of employment within the department/unit will be taken into consideration when ranking seniority, an employee's seniority will automatically be reset to zero after 5 semesters of employment in order for that employee to be considered under Article 10.7.4. An example of this would be an employee who has had 8 semesters of employment then would have 3 semesters of seniority (8 total semesters of employment – 5 maximum semesters of seniority = 3 semesters of seniority).

- 15.2 An employee shall lose seniority rights in the event that:
- 15.2.1 The employee is dismissed for just cause and not reinstated
 - 15.2.2 The employee resigns and does not withdraw the resignation in writing by the end of the following day.
- 15.3 When an employee who has been formally appointed and has accepted such appointment withdraws from the appointment prior to the date on which it is scheduled to commence, it shall not be deemed to be a resignation.

ARTICLE 16 - STATUTORY HOLIDAYS

- 16.1 The University recognizes the following as paid holidays: New Years Day, Family Day, Good Friday, Victoria Day, Canada Day, Saskatchewan Day, Labour Day, Thanksgiving Day, Remembrance Day, Christmas Day, and Boxing Day. Any date proclaimed as a public holiday by the Provincial or Federal Government will be deemed to be a holiday for employees providing this does not duplicate holiday provisions above.
- 16.2 Employees paid on a semesterly-waged basis shall have pay for statutory holidays included in their salaries. Employees paid on an hourly-waged basis will receive 5% statutory holiday pay for each holiday that occurs during a month of employment. The calculation includes all wages and vacation pay, but not overtime.
- 16.3 When any of the above holidays fall on a Saturday or Sunday and is not declared as being observed on some other day, the following Monday (or Tuesday, where the Monday is declared a holiday) shall be deemed to be the holiday for the purpose of this agreement.

ARTICLE 17 - VACATION PAY

- 17.1 Employees being paid at the Graduate Student rates shall receive 4/52nds of their gross earnings monthly as vacation pay. All others shall receive 3/52nds of their gross earnings monthly as vacation pay.

ARTICLE 18 - LEAVE OF ABSENCE

- 18.1 Grievance and arbitration: representatives of the Union and those required by the University to be present who work on an assigned schedule shall not suffer any loss of pay or benefits for time involved in grievance and arbitration procedures, when it is clearly unavoidable to use assigned working time.
- 18.2 An employee on an assigned work schedule may be granted by the immediate supervisor, upon application, leave of absence with pay for up to three working days for compassionate reasons in the event of the critical illness or death of a partner, spouse, parent, child, brother, sister, mother-in-law, father-in-law, grandparent, grandchild, or other person who would ordinarily be considered a member of the employee's immediate family.

In the case of a medical emergency of the immediate family, and where no other member of the family can attend to the situation, an employee shall be entitled to appropriate leave with pay and benefits, to look after the immediate crisis.

- 18.3 Other Leaves of Absence Without Pay.

Upon written application to the appropriate Dean or equivalent, an employee may be granted leave of absence without pay for good and sufficient reason. Such leave shall not be unreasonably withheld. The application must be made in time to permit alternative arrangements for carrying out the employee's duties, if necessary. Leave shall be given for

an employee to participate in union business or to serve as a court witness when subpoenaed.

18.4 Leave for Birth or Adoption of a Child

Upon the birth or adoption of a child, leave will be granted without pay for a period of up to fifty-two (52) weeks after having worked fifteen weeks out of the previous fifty-two weeks. A doctor's certificate giving the expected date of birth, or a statement giving estimated date of adoption, may be required. Leave may be taken at the employee's discretion before and after the birth or adoption of a child. At the termination of the leave, the employee will return to the former classification and salary subject to any general increases, provided that work is available. In the event that work is not available at the point of return, and provided the employee meets the posted qualifications, the employee shall have preferred applicant status until successful in obtaining a position.

Provided the employee is in receipt of federal employment insurance (EI) benefits and is the primary caregiver of the child, the employee will receive the difference between the EI benefits received and the employee's regular pay until the end of the current semester to a maximum of fifteen weeks.

18.5 Employees shall be entitled to appropriate leave of absence with pay and benefits for sick leave in relation to the length and nature of their current employment. The calculation of paid sick leave will be based on 1.25 days per month multiplied by the fraction of time worked. This fraction will be determined by hours worked in the month divided by 174.

Employees absent due to illness continue to accumulate seniority during the balance of their current employment, and continue to maintain seniority during the balance of the illness. (See Article 15)

18.6 Approved leave of absence taken previously under the terms of this agreement shall not be a consideration when making appointments under Articles 10 and 11.

ARTICLE 19 - HEALTH AND SAFETY

- 19.1 The Union and the University shall co-operate in establishing rules and practices promoting an occupational environment enhancing the physiological and psychological conditions of employees and which will provide protection from factors adverse to employee health and safety.
- 19.2 Members of the Union shall be entitled to participate fully in the Occupational Health Committee at the University. All time spent by the two designated union members attending regular bi-monthly meetings of the Occupational Health Committee, or acting with the written authorization of the chairperson shall be compensated by the University at the member's last regular hourly rate of pay.
- 19.3 The University shall provide all employees working in any unsanitary or potentially hazardous jobs with all the necessary tools, and replace it as required. Supervisors shall advise employees of potentially hazardous jobs and instruct them in the proper use of protective equipment and clothing. Employees who refuse to use protective equipment and clothing as provided and instructed may be disciplined.
- 19.4 The University shall maintain an ongoing monitoring program for detecting and recording potential and actual health hazards in the work place. The members of the Occupational Health Committee are entitled to receive regular verbal reports at regular meetings and, upon request, shall be provided with written copies of the minutes of the meeting.
- 19.5 An employee may refuse to do any particular act or series of acts at work which the employee has reasonable grounds to believe are unusually dangerous to personal health or safety or the health and safety of any other person at the place of employment until sufficient steps have been taken to satisfy the employee otherwise, or until the Occupational Health Committee has investigated the matter and advised the employee otherwise. In the meantime, the employee may be temporarily assigned to alternative work.

19.6 Members of the Union will be entitled to participate in the Employee and Family Assistance Program.

19.7 Transportation of Accident Victims

In the event an employee is injured on the job or suffers a job related injury, and the employee is unable to use the form of transportation normally used, transportation to the nearest emergency medical facility will be provided at the expense of the University.

19.8 The Union and the University shall operate according to the University Policy regarding Students with Special Needs, (No. 90.10.20) which can be found at <http://www.uregina.ca/presoff/vpadmin/policymanual/index.html#student>.

ARTICLE 20 - REGULATIONS

20.1 When the University introduces new rules or regulations concerning employee's conduct on university premises or during working hours, copies will be posted and also forwarded to the Union office. Notice of the change will be distributed on the University's general e-mail system. Such rules and regulations will be reasonable and will not be inconsistent with any article in this collective agreement.

ARTICLE 21 - EMPLOYEES FILES

21.1 Each employee shall have an official personnel file located in Human Resources, the contents of which are limited to employment rather than academic matters.

21.2 Employees may view their official file in company with an employee from Human Resources, by arranging a suitable time during regular office hours.

- 21.3 The employee may have copies made of items in the file, provided the employee pays the cost of such copying.
- 21.4 An employee shall have the right to have the file supplemented and may add to the file in response to any documents contained therein.
- 21.5 Except as required by statute, no information contained in an employee's file shall be released to anyone except the University and its agents without the employee's written consent.
- 21.6 A Dean, Department Head or equivalent may, during the semester an employee is employed, have a current working file in the office containing documents destined for the official file in Human Resources. Employees have the right of access to such files on the same basis as outlined above.
- 21.7 Information in Human Resources in the files of former employees may be examined by the appropriate former employees under the same conditions as set out in 21.2. Files of former employees will be stripped or deleted entirely under the general University policy respecting this.

ARTICLE 22 - DISCIPLINE

22.1 Due Process and Burden of Proof

An employee accused of misconduct will have the protection of due process provided by this collective agreement until such alleged misconduct is determined. In the case of discharge or discipline, the burden of proof of just cause shall rest with the University. Evidence presented shall pertain only to the grounds stated in the discharge or discipline notice to the employee. A copy of any disciplinary notice will be sent to the union office.

22.2 Dismissal

The University reserves the right to dismiss any employee for just cause. The employee shall be suspended for seven calendar days during which time the Union shall have an opportunity to investigate the circumstances and state its case. A Union representative has the right to be present at the meeting at which the employee is suspended. The University shall notify the Union on the same day as the employee is notified of this suspension.

22.3 On request, the Union will be given an additional period of seven calendar days for investigation purposes. Unless a grievance is presented to the University within the seven or fourteen-day period, the employee will be dismissed. If no just cause has been proved, the employee shall be reinstated without loss of pay. Confirmation of the action taken by the University will be conveyed to the employee in writing by Human Resources. A copy of the letter will be sent to the Union Office.

22.4 If an employee's service is unsatisfactory but the situation is not serious enough to warrant dismissal, the supervisor will warn the employee verbally, and if the situation is not corrected the warning will be put into writing. The employee has the right to have a Union representative present during the verbal warning, and a copy of the written warning will be sent to the Union. If, after such progressive discipline, there is no appropriate improvement, the employee may be subject to suspension or dismissal.

22.5 Reprimand

If an employee is formally reprimanded concerning unacceptable conduct or performance, it will be done with the Shop Steward present. A written notice including particulars of the work performance or behaviour which led to such dissatisfaction shall within ten working days of the reprimand be forwarded to the employee, with copies to the Union and Human Resources. If this procedure is not followed, the reprimand may not be used against the employee in a warning or dismissal procedure. An

employee may respond in writing to the reprimand, and such response will become part of the record. Reprimands issued in accordance with 22.4 will be removed from the employees file after two years of subsequent employment during which no formal disciplinary action is taken. Failure to grieve previous discipline, or to pursue such a grievance to arbitration, shall not be considered an admission that such discipline was justified.

22.6 Negative Evaluation of Performance

If an employee's performance, after appropriate written direction regarding necessary improvements, remains at a level that indicates future employment of a similar nature should not be offered, the immediate supervisor shall provide the employee with a written evaluation of the performance. The employee may appeal such an evaluation to the individual to whom the employee's supervisor reports. If there is a question as to where the appeal should be directed, Human Resources should be consulted for clarification. Insofar as it may prevent future employment at the University in the same or a similar position, if the written evaluation is not overturned by the appeal, rights under the grievance/arbitration process may be exercised.

ARTICLE 23 - GRIEVANCE AND ARBITRATION

23.1 Definition

Whenever a difference shall arise between the parties hereto or any person bound by this agreement concerning its interpretation, application, operation or alleged violation, the difference shall be dealt with in accordance with the procedures herein outlined.

23.2 Administrative Grievance

Grievances involving interpretation of the contract or administration of the contract signed by a duly authorized Union official, and not involving a

specific individual, shall be taken directly to Stage 2 of the following procedure.

If the matter is not settled satisfactorily the employee(s) may refer the matter to the Union for presentation at Stage 1.

The Steward or Union representative shall assist any employee(s) in preparing and presenting a grievance in accordance with the grievance procedure.

23.5 Permission to Leave Work

The Union recognizes that each Steward or designated Union representative is employed for certain hours by the University and will not leave his work during working hours unless it is unavoidable, and prior permission has been obtained from the Dean or his designate. The Steward or Union representative will not be hindered, coerced, restrained or interfered with while investigating a grievance or presenting an adjustment as provided for in this agreement.

23.6 Stage 1

23.6.1 In order to be accepted, the grievance must reach the Dean or Director within forty-five (45) calendar days of when the grievor could reasonably be expected to learn of the incident.

23.6.2 The Union may request a meeting with the appropriate Dean or Director. A Department Head, Human Resources Officer and/or one or more of the aggrieved employees may be present at the request of either party.

23.6.3 Within seven working days of receiving the grievance, the Dean or Director shall render a decision in writing.

23.7 Stage 2

If a satisfactory decision is not rendered within the time limits, the Union may within seven working days of receipt of the reply or of the expiration of the time limit, whichever is earlier, refer the written grievance to Human Resources. This officer shall render a written decision, after appropriate meetings and consultation, within seven working days of receipt of the grievance.

23.8 Stage 3 - Arbitration

23.8.1 Time Limit

In the event that any grievance or matter in dispute has not been settled through the procedure outlined above, either party may, within ten working days (i.e. days when the University offices are open), submit the grievance or matter in dispute to an arbitration board as follows:

23.8.2 Nominees to the Board

The Arbitration Board shall consist of three (3) members; one (1) named by the Union and one (1) named by the University and a Chair selected as per 23.8.3. Each of the parties to this agreement shall have their representative Board member selected and made known to each other within seven (7) working days of notice being given by either party for the establishment of the Board.

23.8.3 The two parties shall endeavour to agree on the selection of a Chair within 21 working days of the notification of the grievance being submitted to arbitration. In the event of failure to agree on a Chair within the time prescribed, they shall notify the Minister of Labour for the Province of Saskatchewan who shall be asked to name a Chair.

23.8.4 Hearing

The Board, having been formed by the above procedure, shall meet, hear the evidence of both parties, and render a written decision within ten working days from the completion of taking evidence. The decision of the majority of the Board on the matter at issue shall be final and binding on both parties, but the Board shall not be empowered to add to, subtract from, alter or amend the collective agreement in any way.

23.8.5 Time Deficiencies

Any Board of Arbitration established pursuant to the grievance procedure shall have the power to hear any arguments as to whether, in order to avoid consideration of substantive issues, time limits set forth in the grievance procedure have been unreasonably enforced. The Board may decide to deal with the case placed before it, despite such minor time deficiencies.

23.8.6 Disciplinary Action

The Board shall have the power to dispose of any grievance involving dismissal or disciplinary action by any arrangement that it deems just and equitable. (See Article 22.6.)

23.8.7 Expenses

The fees and expenses of the Chairperson shall be shared equally between the parties. Each party shall be responsible for their costs, fees and expenses of witnesses and those of their Board members.

23.8.8 Time Limits

The parties upon agreement through local negotiations may waive the time limits imposed by the foregoing provisions.

23.9 General

In the event of a grievance or a disciplinary action, the University agrees, upon request, to provide the Union with copies of all documents that the University intends to use in regard to the specific grievance or disciplinary action.

ARTICLE 24 – HARASSMENT AND DISCRIMINATION PREVENTION

24.1 The Union and the University do not condone harassment or discrimination.

24.1.1 Harassment and discrimination are defined in the University of Regina's policy and procedures for the prevention of harassment and discrimination.

24.2.2 Before a response is rendered, there will be an objective examination by a mutually acceptable person or group of the nature and context of the incident. Both parties agree that all proceedings and the results thereof will be dealt with in the strictest confidence possible in the circumstances.

It may be necessary from time to time to require an earlier cut-off date. In the event of an early cut-off date, the supervisor will inform the employee of the revised submission date.

ARTICLE 26 - GENERAL

26.1 Whenever the singular, plural, masculine or feminine is used in this agreement, it shall be considered as if the plural, singular, feminine or masculine has been used where the context so requires.

26.2 The University agrees to print the copies of the collective agreement for the members of the bargaining unit (approximately 400) by the least expensive method possible. The University will also make available to the Union a copy of the collective agreement in electronic format.

ARTICLE 27 - TERM OF THE AGREEMENT
